

WCF Survival Letter

Haltech World Cup Finals presented by Wiseco

Maryland International Raceway

Nov 4-8, 2026

www.importvsdomestic.com

EVENT SCHEDULE

- Please see event schedule and run order below.
- All racers MUST ARRIVE to get parked on Tues, Wed or Thurs.
- Tech Inspection will be on Wed & Thurs only. You will receive a "Tech Assignment Card" at the intersection beside the staging lanes when you pull up to pit area. We will call you to tech inspection by groups on that "Tech Assignment Card". This way everyone gets teched in the order they arrived at the facility.

MARYLAND INT'L RACEWAY

Testing (\$300 per car)	12pm-7pm
Gates Close	9pm

THURSDAY • PARKING/TECH/QUALIFYING

Gates Open	8am
Parking	8am-9pm
Tech Inspection	9am-7pm
Qualifier #1 (OE, RM, WT, RS, STK, PSB, SF, WS, LS, OS, AM, DAM, XFWD)	12pm-5pm
Gates Close	9pm

FRIDAY • QUALIFYING

Gates Open	8am
Qualifier #2 (AM, XFWD, OE, RM, WT, RS, STK, PSB, SF, WS, LS, OS, DAM)	10am-3pm
Qualifier #3 (OE, RM, WT, RS, STK, PSB, SF, WS, LS, OS, AM, DAM, XFWD)	3pm-8pm
Costume Contest & Camper Village Trick or Treat	7pm
Gates Close	9pm

SATURDAY • QUALIFYING

Gates Open	8am
Qualifier #4 (AM, XFWD, OE, RM, WT, RS, STK, PSB, SF, WS, LS, OS, DAM)	10am-3pm
Qualifier #5 (OE, RM, WT, RS, STK, PSB, SF, WS, OS, DAM)	3pm-7pm
Elims (LS, AM & XFWD round 1 only)	7pm-8pm
Gates Close	9pm

SUNDAY • MAIN EVENT

Gates Open	8am
Elims 16-Cars (AM, OE, RM, WT, RS, STK, SF, WS, LS, OS, DAM)	10am
Elims 8-Cars (OE, RM, WT, RS, STK, PSB, SF, WS, LS, OS, AM, DAM, XFWD)	2pm
Elims 4-Cars (OE, RM, WT, RS, STK, PSB, SF, WS, LS, OS, AM, DAM, XFWD)	4pm
Elims Finals (OE, RM, WT, RS, STK, PSB, SF, WS, LS, OS, AM, DAM, XFWD)	6pm

WEDNESDAY TESTING

- Testing will be on Wednesday only from 12pm-7pm (\$300 per car and must be paid in cash at the tower)
- Testing Run Order will be: FWD/AWD cars, DAM Shootout, RWD Radial cars, RWD Slicks (we will call you lanes in groups)

AFTER HOURS

- Gates close for advance ticket redemption on Tuesday at 6pm and every other night at 9pm sharp each night. Overnight security monitors the pit gates until the gates reopens the next morning at 8am. Overnight security cannot sell or scan advance tickets after 9pm. So, plan accordingly.
- Only those who are already credentialed, and wrist banded can come in after 9pm.
- If **YOU HAVE** a VIP armband or a Full Event armband, then you are permitted to come and go through the gates 24 hours a day as many times as you want (hotel, dinner, grocery store, etc.).
- If **YOUR VEHICLE DOES HAVE** a "Pit Side Grass Lot Sticker" or a "Pit Access Sticker" then your vehicle can come and go through the gates 24 hours a day as many times as you want (hotel, dinner, grocery store, etc.).
- If **YOUR VEHICLE DOESN'T HAVE** a parking sticker then it must be parked in the grass lot on the North side of the track and you can walk in as long as you have a VIP armband or Full Event Armband.
- If you have a crew member or a family member coming in after 9pm, then you must have the gate staff scan their advance tickets before 9pm and leave their armband with their name on it at will call which is at Pit Gates 1 & 2. Simply have them screenshot their QR code(s) and send to you so you can redeem them before 9pm and leave their wristband at will call. Overnight security can only issue armbands left at will-call by the gate staff before they leave at 9pm.
- We will have security at the gates and intersections overnight along with State Police roaming the pits.

RACER STACKING

- Racer stacking starts on Monday at 10am. No racers can drop trailers or start stacking in line before Monday at 10am.
- All racers that arrive on Monday or Tuesday will need to wait in line on the North side of the track on the entrance road until we open the gates on Tuesday for parking only from 11am-6pm.
- Please stay inside the lines and keep the lines straight and tight. Once the road is full back to the "S" turn, we will start the next line on the right in the grass. When that line fills up, we will start another line on the right in the grass and so on and so on. When we open the gates to start parking, we will have an attendant that will send lines to the pit gate in the order that they were stacked in as they arrived.
- If you are dropping a trailer in line, make sure you are back before we open the gates on Tuesday at 11am. Only sponsors/vendors are permitted to go into the pits before we open the gates during staffed hours.

RACER PARKING

- Parking is going to be tight because of the size of this event, and we need everyone to conserve space.
- We will have one section reserved for Outlaw vs Extreme, Renegade vs Modified and Warriors vs Tres Cuarto classes, and these spots will only be held until Wednesday at 5pm before being released to other classes. The remaining sections will be first come-first serve parking for all other classes.
- We will also have a few compounds reserved for teams that conserve space by stacking several race cars in one space.
- All open trailers must pit their race cars off the back of their trailer.

ADDITIONAL MOTORHOME OR VEHICLE

- If you have an additional motorhome or vehicle, then it **MUST** fit in your pit space in front of your race car.
- A "Pit Access" sticker for that extra vehicle must be purchased when you arrive at the pit gate with your race rig and your racer ticket is scanned and redeemed (You cannot buy it at a different time). The additional vehicle must be directly behind your race trailer (bumper to bumper) in line when you arrive so the sticker can be placed on that vehicle by the gate staff, and the parking staff will then be able to park your rig and additional vehicle at the same time.
- If you are renting a Camper or Motorhome, make sure it is behind your rig in line. It cannot be dropped off or delivered at another time as there is no way logistically for that to happen. It must be right behind your race rig in line. You will need to pick up the motor home or camper and drive it to track behind your race rig and get in line together.
- Cost is \$100 for an additional motorhome or \$100 for an additional vehicle. You cannot buy both. It must be one or the other and it must fit in your pit space in front of your race car.
- Any additional vehicles for your team other than the ones we mentioned above can be parked in the Pit Side Grass Lot (if you purchased it before they sold out) or in the free parking lots on the North side of the track.

PARKING NEXT TO YOUR FRIENDS

- If you wish to park next to other racer friends, make sure you are right behind each other in the stacking line so the racer parking team can park you beside each other when you get to the pit side. If you are not right behind each other in the stacking line it will make it difficult or impossible to park beside each other.
- If you and another racer are traveling from different locations and want to park beside each other, then we suggest you meet at a select time at the "301 Truckstop & Plaza" at 12615 Crain Highway, Newburg MD 20664. It is only 15 minutes from the track. It has plenty of space for big rigs. Once you guys meet up, then drive down together and get in line behind each other.

SEPTIC TRUCKS & DUMP STATION

- There is a free sewage dump station on the North side of the track that you can use when leaving the track.
- We also have a "Septic Trucks" that will be coming through the facility that charges a convenience fee to empty your sewage tank and top off your water tank. They can hookup to your Motorhome where you are parked at and empty your tanks, so you don't have to move your camper.

Septic Truck Schedule (Thurs-Sun)

Pit Area..... **7am-10am & 7pm-10pm**
Spectator Camper Village.... **10am-12noon & 5pm-7pm**

- If you need service, go to WCF Merchandise Booth behind tower anytime Thurs-Sun to get your free "Poop Tape".

- If you need RV serviced, just tie your "Poop Tape" to the back of your trailer so Septic Trucks can see it from the road.
- Be awake and have your cash ready to expect them to come by during the hours mentioned above.
- If your "Poop Tape" is on the back of your trailer and the Septic Truck driver doesn't see anyone in the pit they will pull the "Poop Tape" off the back of your trailer and move on to the next RV.
- Also, **DO NOT** empty your GREY or BLACK water tanks on the ground in your pit space or spectator camper village. Grey water tanks have a horrible smell and contains bodily fluids. If you empty either tank you will receive a permanent ban from MIR/WCF as well as having a No Trespassing Order filed against you by the Maryland State Police.
- We will have over 500 campers on the property and Septic Truck drivers will do the best that they can for you. When they are full they have to go empty their trucks at the plant and then drive back. Their time is precious so don't keep them waiting.
- In closing, please monitor your shower usage and use the permanent restrooms or Porta Potties at the facility. With over 500 campers on the property, they will not be able to keep up with all RVs, so please ration your usage. The Septic Trucks cannot work 24 hours a day and we cannot have them in the Pit Area during racing hours. So be ready for the Septic Trucks in the early morning hours and evening hours.

WASTE OIL

- Dumping oil in anything other than designated waste oil containers will result in permanent ban from MIR/WCF as well as having a No Trespassing Order filed against you by the Maryland State Police.
- Waste Oil: No Dumping of Waste Oil on Property. Violators will be permanently banned from MIR. Anyone caught dumping any liquids other than water on the property will be immediately ejected from the property and permanently banned from MIR. We have three 500 gallons waste oil tanks in the pit area for you to put your waste oil in. Also, do not leave open drain pans with oil in your pit space, pour them carefully into the waste oil tanks.

TOW VEHICLES

- Golf Carts, ATVs, UTVs and Smart Cars are permitted as tow vehicles. Nothing bigger than a Smart Car can be used as a tow vehicle.

MUSIC AT NIGHT

- Please be courteous to your neighbors with music volume after 11pm as other teams are trying to sleep.

SHOWERS

- There are no showers at the facility.

BLEACHERS

- All coolers must be 14" wide or less and limited to 1 per person. They must be stored below your feet and cannot take up a seat space in the bleachers
- All seats or cushions must be 18" wide or less in the bleachers so they do not encroach on the seat space next to you.

BAGGED ICE

- Bags of ice can be purchased at the souvenir stand on the pit side. Please make sure that you remove the ice before going down the racetrack and remove all water from your intake.

AIR & WATER

- Air and water are available in two locations. The first one is located beside the white maintenance building in the middle of the pit area, and the second one is located by the fuel station.

NITROUS & CO2

- Nitrous oxide and CO2 are available for purchase at the souvenir stand. Bring your bottles by for a refill.

HOTELS

- We have many great hotels located only 15-20 minutes from the racetrack. Click on Hotels button at top of www.importvsdomestic.com site to see listings.

AIRPORTS

- The closest airport is Regan National Airport (DCA) which is located about 1 hour away from the track. The next closest airport is Baltimore Washington Airport (BWI) which is located about 1.5 hours away from the track. Click on track info button at top of site for more info.

PIT BIKES

- Racers are permitted to have 1 golf cart or a pit bike. The pit bike or golf cart must be inside your trailer, in the bed of your truck that is towing your trailer, or in the bed of the truck of your extra vehicle that is bumper to bumper with you in line.
- Each race team may rent a golf cart for WCF, but you will need to go to **Metro Golf Carts** to pick it up and put it in your trailer before coming to track. Golf carts cannot be delivered to the track. Contact **Metro Golf Carts** at 301-372-1500 or email Danny at danny@golfcartrentals.com to make your reservation. Be sure to let them know it is for the World Cup Finals. **Metro Golf Carts** is located about 25 minutes from the track. The address to **Metro Golf Carts** is 15212 Crain Hwy, Brandywine MD, 20613 and their website is www.golfcartrentals.com
- Do not have a friend or crew member try to bring a pit bike in another vehicle. The gates will not allow it to come in.
- If you need to run to the store across the street on your golf cart or pit bike, you must stop at the pit gates and get a "Pit Bike Hall Pass" before exiting. Without this pass, your golf cart or pit bike will not be allowed to pass back through the gates. Your armbands will get your body back in, but the Hall Pass is needed to get the pit bike or golf cart back in. This system prevents unauthorized vehicles from entering the pits from outside the facility and creating gridlock on the pit roads.
- These rules may seem harsh, but some spectators try to circumvent the system in every way and we do not allow spectators to bring them to WCF. So it's essential to have these procedures so we don't have 50,000 fans riding around your race cars with golf carts. Thank you for your understanding.

"GREEN GATE" ENTRANCE IN MORNINGS

- MIR will have a separate green gate entrance on the North Side of the track by the "S" Turn for racers and crew that already have their full event armbands. In order to use the green gate entrance, everyone in the vehicle must have a full event armband and the vehicle needs a pit access sticker or a pit-side parking pass. If one person does not have a full event armband then everyone must wait in the normal line. The green gate entrance will be open on Wednesday, Thursday, Friday, Saturday, and Sunday morning from 7am-9am. We strongly encourage all racers that are going back to a hotel to arrive back at MIR by 7am each morning to avoid getting caught in spectator traffic that will make you late for qualifying or eliminations.
- Under no circumstances can anyone use the far left lane (which is the emergency fire/exit lane) when coming into the track on any day.

RACER TICKET

- Tickets come from the FOAT, if you don't see it in your inbox be sure to check your spam folder.
- Make sure you have your QR code ready for your race entry that was emailed to you from tickets@thefoat.com so you can receive your tech card. It was automatically emailed to you when you bought your entry for WCF. You can print it off or the gate staff can scan it right from your mobile device. If you cannot find your ticket, you can also email tickets@thefoat.com and they can resend it to you. You will also receive an automatic email with the link to your tickets on Tuesday (the day prior to opening).
- If you did not receive the email, then make sure you check your spam folder.
- The Racer Ticket includes admission for the driver, your rig, and your race car. Whomever is driving the rig in, will need to have the Racer Ticket in order to get the rig in.

CREW TICKETS

- All Crew must purchase either a Full Event Pass or a VIP pass.
- If you have not already bought tickets for your crew or family you must purchase them in advance now at www.importvsdomestic.com/tickets before we sell out again.
- You will need your crew to get in, and once we sell out, you will not be able to purchase tickets regardless of the reason. Get them now!

CAMPER VILLAGE

- Make sure that everyone that leases a site in the Camper Village reviews the Camper Village rules page at www.importvsdomestic.com/camping

WRISTBANDS

- Once you receive your wristband, do not take it off until the event is over. You will need to have it on at all times. If your wristband is lost, it will not be replaced.

MANLEY HARD CARDS

- Everyone must have a "Manley Hard Card" to be up on the starting line. Manley Hard Cards will be enforced on the starting line Friday-Sunday.
- All Racers & Crew will need to pick up their "Manley Hard Cards" and class sponsor decals next to the stage behind the tower on Thursday and Friday from 9am-9pm or they will need to go to the tower on Saturday or Sunday to get them.
- There is no charge for the "Manley Hard Cards". Driver must be present with ID and bring crew members with him/her when obtaining their hard cards. So, get your crew together and come to the tent all at one time on Thursday or Friday.
- There is a limit of 6 hard cards per team (Driver + 5 crew) and you must have a Full Event Pass or VIP ticket in order to get a Manley Hard Card.

SPONSOR DECALS

- All cars entered in the race must have a Haltech and Wiseco decal on each side of your car plus your class sponsor decals on each side of your car to be able to compete. Sponsor decals must be visible on both sides of your car. They are supporting your class and the event. These decals are available free of charge at the Manley Hard Card Tent.

CAR NUMBERS & CLASS

- It isn't mandatory, but if you are able to have your car number and class printed in 3" vinyl numbers and letters and have it on all 4 sides of your windows it will speed up the tech process and help event photographers find your car photos.
- If you do not already have a car number, we suggest you choose a 4-digit number so there is less chance someone else has your same number.
- Class designations are: OvE, RvM, WvT, RvS, STK, DAM, SF, WS, LS, OS, XFWD, AM, PSB

TIMING SYSTEM

- The timeout for all classes will be set to 7 seconds.

REINSTATEMENT POLICY

- If a winning car bypasses or is disqualified at the scales, and the losing car crosses the scales and passes tech, then the losing car advances to the next round. Before the losing car is reinstated, he/she must go to the tower immediately (within 15 minutes of the time printed on your time slip) to notify the tower officials of the change so it can be verified, and we can notify the team that you are racing in the next round. If the tower has not been notified within 15 minutes of the time printed on your time slip, then the losing car will not be reinstated.

PA BROADCAST

- We have a great PA system at MIR and you can hear it all over the facility, but if you are in your RV or trailer tune into 88.7 FM to hear the PA broadcast.

BROKE CARS

- If your car is broke and you cannot make WCF, please email jason@mbpevents.com to let him know ASAP so we can account for pit space and parking needs.
- There are no refunds if you are broke, because you took an available spot from someone else that could have raced at WCF. It is in our refund policy on the ticket site that there are no refunds. Your race entry can still be used as an admission ticket though.
- If you are broke and email Jason right away, there is still a small chance that someone on the on the waiting list for your class can possibly take off work and put their car and crew together in time. Most teams cannot make plans a week or two before the event, as it isn't enough time so please let us know as soon as possible. It is the right thing to do by letting us know.

TECH INSPECTION

- All cars and bikes must have an engine diaper or belly pan (except All Motor Domestics).
- All cars and bikes must run straight water in their coolant system and have no antifreeze or other additives in the cooling system to help speed up clean-ups and be safe.

TRICK OR TREAT

- Don't forget we are doing "Trick or Treat" for the kids in the Spectator Camper Village on Friday night at 7pm! We do not want children trick or treating in the pits as it is too dangerous with moving cars.

PULLING OVER

- If something doesn't sound right, feel right, or look right on your pass... You may be leaking fluid on the track... Pull over and stop as soon as safely possible to help minimize downtime clean-ups.

VP RACING FUELS

- Call the VP Racing Fuels Office at 302-368-1500 if you want to Pre-Order race fuel for WCF.
- Must be picked up on Wed or Thursday of the event.
- The VP Racing Fuels truck will be located right behind the Sunoco Race Fuels Station.

SHIPPING TO TRACK

- All racer packages that are shipped to the track are locked up in a UPS trailer (located by the office on the North side of track).
- You must bring your ID and see Rebecca in the office so she can retrieve your package and check it off her manifest. This keeps your packages safe and out of the weather.
- Ship to: Maryland International Raceway, Attn (Your Name), 27861 Budds Creek Rd, Mechanicsville, MD 20659

F.A.Q.

- Additional questions and answers can be found at www.importvsdomestic.com/faq

We look forward to seeing you at WCF... Travel safe!
